NOTE TO:

SUBJECT: Dittberner Associates

Jim: You sent me a marketing letter from Dittberner Associates awhile back. This company does telcomm network studies. They have apparently sold one to someone in CIA (not OIT). They do not know who the purchaser was and want to market a related study to the same purchaser. We forwarded a copy of the package to DD/OIR through whom the original order may have been placed. We also sent copies to DD/OC, and EXO/OSO as possible parties who either ordered the original package or might be interested in studies of the type performed by the company. To date there is no OIT interest but we will ask several other groups. is the action officer. We will write a close out memo, when we finally determine if there is any Agency interest.
